

Horndon on the Hill Village Hall

Environmental Policy

The Trustees of Horndon on the Hill Village Hall are committed to maintaining the property in a sustainable manner, minimising its environmental impact, and ensuring its facilities are preserved for future generations.

The Trustees will:

- Seek to minimise the use of energy and water resources in all activities.
- Purchase environmentally sound goods from sustainable sources wherever reasonably possible.
- Minimise waste and recycle all appropriate materials in a sustainable manner.
- Ensure that contractors working on the Trust's behalf are aware of and comply with this environmental policy.

This is the first access statement for the hall.

This policy was written by Nell Edwards, Vice Chairperson, Horndon on the Hill Village Hall.
